AANA Journal

Volume 48
1980 Index of Subjects and Authors

A

Abstracts, 65, 185, 260, 290, 359

Adrenergic receptors, anatomy, physiology, and pharmacological interactions, 139

Alcoholic patient, anesthetic management of, 445

Altitude, anesthesia and, 441

Althouse, Janessa L.: see Insurance Reports

American Association of Nurse Anesthetists: AANA annual meeting: education and participation, 305; AANA journal recognizes one of its most vital components—The Editorial Advisory Board, 405; all about the specialty of nurse anesthesia—the AANA takes an active role at the national student nurses' association convention, 201; anesthesia advancement through knowledge marks the theme of AANA's 47th annual meeting and professional sessions, 360; on the Federation of Specialty Nursing Organizations and the American Nurses' Association, 113; officers, 4, 88, 192, 296, 400, 494; the first 50 years: The AANA marks a most significant event in 1981, 495; there have been some changes made . . . , 13

American Thoracic Society Statement on Intermittent Positive-Pressure Breathing (abstract), 260

Anesthesia for the epileptic, letters to the editor, 404

Asthmatic patient, implications of anesthesia for, 326

B

Bakutis, Alice: *Writing a School Philosophy*, 248

Book Reviews: Anaesthesia for Children, 72; Anesthesia for Infants and Children, 197; Anesthetic exposure in the Workplace, 196; Clinical and Resuscitative Data, 169; Clinical Anesthesia Case Selections from the University of California, San Francisco, 169; Functional Toxicity of Anesthesia, 568; Medical Problems and the Anaesthetist, 409; Practical Mathematics in Allied Health, 72; Trends in Intravenous Anesthesia, 169

Bradshaw, Hershal W.: *A Review of Skeletal Muscle Contraction and Neuromuscular Function*, 334

Brown, Jeffrey A.: *Core Issues of Unionization: Your Ten Most Frequently Asked Questions Answered*, 26

Bunker, Paula: *Multiple Trauma: Problematic Issues for the Anesthetist*, 147

C

Cannabis, 526

Cardiovascular, enflurane and halothane (abstract), 71

Carter, Randy: *Platelets and Their Significance to the Nurse Anesthetist*, 535

Case Reports, 155

Cataract surgery, retrobulbar block for, 429

Chandler, Claudia: *Hypnoanesthesia and Analgesia*, 241

Cholinesterase, enzymatic function of in the hydrolysis of succinyldicholine, 155

Ciresi, Salvatore, A.: *Anesthesic Considerations of Esophageal Perforation*, 543

Cold stress, in the newborn, 237

Coleman, Richard: *Retrobulbar Block for Cataract Surgery*, 429

Core temperature devices, 53

Coronary-artery bypass grafting, postoperative respiratory care (abstract), 290

Coronary artery disease, anesthetic considerations, 353; myocardial function during halothane and enflurane anesthesia (abstract), 359

Council on Accreditation of Recognized Educational Programs: membership listing, 570; schools approved, 573

Council on Certification: membership listing, 570

Council on Nurse Anesthesia Practice, 124; membership listing, 571

Council on Re-Certification, membership listing, 572

D

DePaolis, Mary: *The Need for Teaching Competencies in Clinical Instructors*, 50

Dickerson, Steven J.: *Cannabis and Its Effects on Anesthesia*, 526

Drain, Cecil B.: *A Review of Skeletal Muscle Contraction and Neuromuscular Function*, 334

Dutton, Marie H.: *A Review of Skeletal Muscle Contraction and Neuromuscular Function*, 334

E

Edrophonium, antagonism of pancuronium-induced neuromuscular blockage (abstract), 65

Education, 50, 248, 347, 529

Eichelberger, Joan A.: *Intravenous Regional Anesthesia*, 540

Enflurane, surgical stimulation does not enhance ventilatory chemo-reflexes during (abstract), 281

Epidural blood patch, 48

Epiglottitis, anesthesia for in the pediatric patient, 344

Epileptic with mental subnormality, anesthesia for, 257

Equipment selection guidelines, letters to the editor, 25

Esophageal perforation, anesthetic consideration of, 543

Etomidate, 517

F

Farney, Mary Ellen: *Cold Stress in the Newborn*, 237

G

Gaffey, Virginia A.: *The Facts About Record Retention*, 347

Geelhoed, Glenn W.: *Pulmonary Physiology and the Anesthetist*—Part I, 31; Part II, 133; Part III, 230

General and Subscription Information, 4, 88, 192, 296, 400, 494

H

Halliburton, Sarah A.: *Curriculum Intent and the Graduate's Perception of Professional Needs: A Critical Analysis*, 529

Halothane, myocardial function in patients with coronary artery disease (abstract), 35

Headache, epidural blood patch for post-lumbar puncture, 48

Hypercarbia, cardiovascular signs during enflurane and halothane (abstract), 71

Hypnoanesthesia, analgesia and, 241, 517

Hypoxaemia, cardiovascular signs during enflurane and halothane (abstract), 71

I

Information for Authors, 82, 105, 193, 376, 487, 584

Inhalation anesthesia (abstract), 185

Insurance Reports: RX: loss control—an analysis of anesthesia incidents, 59; an analysis of anesthesia-related claims, 277; anesthesia care in short procedures, 382; more about identifying events which can prevent loss or injury, 158

Intravenous regional anesthesia, 540

IPPB statement (abstract), 260

J

Jenkins, Tom E.: *The Antagonism of Nondepolarizing Neuromuscular Blockade*, 452

Jones, Richard J.: *Use of the Peripheral Nerve Stimulator*, 152

K

Katz, Leah E.: *Postoperative Complications of Thoracic Surgery: Their Recognition and Treatment*, 222

Kinyon, Gilbert E.: *Epidural Blood Patch for Postlumbar Puncture Headache*, 48

Kucera, William R.: see Legal Briefs

L

Legal Briefs: a defining of terms: collaboration vs. supervision, 547; "but the doctor said . . .", 488; imputed negligence: the captain of the ship is sinking, 162; part II, 282; judging the nurse: a standard of care, yes, but which one?, 392; protocol: more than mere form, 56

Letters to the Editor, 24, 300, 404, 499

Lidocaine, intravenous as an adjunct for nitrous oxide thiopental anesthesia, 477

LoPalo, Salvatore: *Implications of Anesthesia for the Asthmatic Patient*, 326

M

Maree, Sandra M.: *Adrenergic Receptors: Anatomy, Physiology, and Pharmacological Interactions*, 139

Marijuana, 526

Mayhew, James: *Anesthesia for Acute Epiglottitis in the Pediatric Patient*, 344

Monaghan, Ellen: *Anesthesia for Acute Epiglottitis in the Pediatric Patient*, 344

Myocardial function, during halothane and enflurane anesthesia in patients with coronary artery disease (abstract), 359

N

Neuromuscular blockade, antagonism of non-depolarizing, 452; edrophonium antagonism of pancuronium (abstract), 65

Neuromuscular function, skeletal muscle contraction, 334

Newborn, cold stress in, 237

New Techniques, 53, 477

News & Views, 17, 92, 221, 325, 409

NIOSH evaluations, letters to the editor, 301

Nitrous oxide thiopental anesthesia, intravenous lidocaine as an adjunct for, 477

O

Obstetrical assessment, 37

O'Daniel, Lola: *Anesthetic Management of the Alcoholic Patient*, 445

P

Pancuronium (abstract), 65

Pediatric fluid therapy, review of, 437

Pediatric patient, anesthesia for acute epiglottitis, 344

Peripheral nerve stimulator, use of, 152

Platelets, 535

Pulmonary physiology, 31, 133, 230

Pulmonary ventilation, altered distribution of and blood flow following induction of inhalational anesthesia (abstract), 185

R

Rando, Joseph T.: *A Review of Past and Current Thinking in Pediatric Fluid Therapy*, 437

Retrobulbar block, for cataract surgery, 429

Roberts, Joyce: *Obstetrical Assessment*, 37

Roberts, Nancy Hughes: *The Comparison of Surface and Core Temperature Devices*, 53

S

Seleny, Frank L.: *Cold Stress in the Newborn*, 237

Shaver, David V., Jr.: *Coronary Artery Disease: Anesthetic Considerations*, 353

Sheppard, Kurt, A.: *Altitude and Anesthesia*, 441

Skeletal muscle contraction, neuromuscular function, 334

Smoyer, Anna Maria D.: *Etomidate, A New Hypnotic: Pharmacological Profile and Clinical Experience*, 517

Song, Steven: *Etomidate, A New Hypnotic: Pharmacological Profile and Clinical Experience*, 517

Sorrell, James F.: *Intravenous Lidocaine: An Adjunct for Nitrous Oxide Thiopental Anesthesia*, 477

Succinyldicholine, enzymatic function of cholinestrase in the hydrolysis of, 155

Surface temperature devices, 53

Survey of nurse anesthetists—1977, Part II, 124

T

Thoracic surgery, postoperative complication of, 222

Tornetta, Frank, J.: *Etomidate, A New Hypnotic: Pharmacological Profile and Clinical Experience*, 517

Trauma, problematic issues, 147

U V W

Unionization, 26

Verville, Richard E.: see Washington Scene

Washington Scene, 74, 177, 287, 387, 483, 565

Weiss, Sandra L.: *Anesthesia for the Epileptic with Mental Subnormality*, 257

Wujcik, Michael: A Case Study: *The Enzymatic Function of Cholinesterase in the Hydrolysis of Succinyldicholine*, 155
